1. KEY FUNCTIONS:

Touchpad-tapping*:  +  + **F2** > Activates and deactivates the tapping function

Key lock:  > Press and hold for 2 seconds

2. SPECIAL FUNCTIONS:

Clean mode: To activate or deactivate the clean mode, hold this key  down for 2 seconds. This deactivates the key function and the touchpad. You can then clean the keyboard without triggering any incorrect commands.

*Touchpad-tapping: Touchpad tapping allows you to use different functions by typing the touchpad surface once or several times (e.g. in word processing: single tap to position the cursor, double tap to select paragraphs)
